

One Nation Working Together

RALLY 10.2.10 NOON Washington, DC LINCOLN MEMORIAL

ONE NATION

This fall offers movements for peace and justice unprecedented opportunities to support and build on one another's work while recognizing one of the root causes to all of our struggles - US militarism! The US military budget consumes over 50% of our desperately needed tax dollars, has wreaked havoc on people around the world, has a globe-girdling system of US military bases, is the largest consumer of fossil fuels and is continuing to drive wars and occupations in Iraq, Afghanistan and Palestine while insuring that the ruling elites benefit while succeeding generations of the people of the world are impoverished. This drive for empire is also backed by the ultimate threat of nuclear annihilation.

The **Central Jersey Coalition Against Endless War (CJCAEW)** is working to make the connections between war, immigration rights, the economic and climate crisis and we are not alone. **CJCAEW** joins **UFPJ, AFL-CIO, SEIU, NAACP** and a broad range of civil rights, labor, environmental, immigration rights, peace and social justice organizations in endorsing this call and in organizing for October 2 to bring a visible and strong message to the Obama Administration that it is time to deliver on their promises to end war and rebuild our country!

We Are Uniting To:

- Take our government back from big oil and the banks.
- Stand up for the well-being and economic security of all our families.
- Stand up against hatred, intolerance and immigrant-bashing.
- Stand up for a society that works for all of us.
- Cut military spending -- fund jobs and human needs.
- Peace abroad, renewable energy at home.
- Demand the change that was promised!

Join **CJCAEW** for this rally in Washington, DC. **FREE** buses depart on Oct 2nd 7AM, returning by 9PM. A **FREE** lunch and T-shirt will be provided.
